Reyada Award

About Reyada Award

The Qatari Entrepreneur Award "Reyada" was launched by the social development center, NAMA, in 2011. It is a pioneer national competition designed to encourage initiatives and innovation in the field of entrepreneurship, and strengthen the spirit of competition between the Qatari entrepreneurs, as part of Nama strategic goals to achieve the development of small and micro-enterprises.

The 'Reyada Award' is considered the leading program that encourages entrepreneurial ventures in Qatar and celebrates Qatar's entrepreneurial project owners and their supporting institutions through recognition and rewards. NAMA's entrepreneurship support dates back to 2003, when we launched the 'Rasameel' Fund, an important mechanism for financing entrepreneurial projects. In 2007, the Development Center was inaugurated to provide training and consultancy services in the field of

entrepreneurship to existing small and medium-sized enterprises, and launch small, scalable businesses. NAMA's history of entrepreneurship support has given us a unique insight into what entrepreneurs need and the challenges they face. The 'Reyada Award' is the culmination of NAMA Center's efforts to support entrepreneurship. The award represents innovation and creativity for Qatari youth at its highest level. We have launched the 'Reyada Award' to provide a role model for Qatari youth, to inspire entrepreneurship and creatively contribute to Qatar's entrepreneurial culture so as to build a more diversified Qatari economy.

Reyada Award

Mission:

- Promote entrepreneurship.
- Develop competencies and leadership skills.
- Enhance the business environment.

Vision:

Prepare and implement awards so as to attract entrepreneurs, individuals and sponsors for promising entrepreneurial projects. In its fourth edition, the award sought to honor four entrepreneurs, and grant them cash and discretionary awards and prizes, two winners for each of the following two categories:

- ❖ 'Best Project Plan': a promising, successfully doable business.
- ❖ 'Best Existing Project': an existing and successful business that is growing at a steady and acceptable rate.

Award Prizes:

Specifying two different categories for business owners:

• 'Best Project Plan' category:

This award is designed to reward entrepreneurs who have developed an exceptional and executable business idea that they wish to develop. The first winner receives the golden trophy with a financial reward of QR100,000, while the second winner receives the silver trophy with a financial reward of QR50,000.

• 'Best Existing Project' category:

This award is designed to reward entrepreneurs who have succeeded in their entrepreneurial ventures. The first winner receives the golden trophy with a financial reward of QR100,000 and the second winner receives the silver trophy with a financial reward of QR50,000.

Target Group:

Qatari youth entrepreneurs aged 18 – 45 based on the following classification:

- Potential entrepreneurs with exceptional and executable business ideas.
- Entrepreneurs who have succeeded in entrepreneurial ventures.

In the Name of God, Most Gracious, Most Merciful

Dear brothers and sisters,

I would like to congratulate you on the occasion of the Holy Month of Ramadan, the month of good deeds and blessings, the month of awakening to the noble values and morals that our Prophet Mohammed, peace be upon him, was sent with.

And I hereby remind you and myself of the virtues of the Holy Month of Ramadan, as the engine of righteous human qualities and our guide to exhibiting generosity, forgiveness, sincere emotions and noble feelings.

At NAMA Center, let us all take this solemn occasion to establish and reinforce many core values, such as cooperation, brotherly ties, mercy, love, and perform good deeds by avoiding falsehood and distancing ourselves from adversity and arrogance.

Let us all work together faithfully, double our efforts, and become a role model in the performance of our duties so as to serve our community and achieve the objectives for which the NAMA Center was established.

May Allah accept your fasting and all your good deeds.

Message from the Acting Executive Manager at NAMA Center

Under the patronage and presence of HE Sheikh Ahmed bin Jassim bin Mohammed Al-Thani, Minister of Economy and Commerce

NAMA Center organized the 4th edition of the 'Reyada Award' ceremony

NAMA Center, one of Qatar Foundation for Social Work's (QFSW) affiliated centers, organized the 'Reyada Award' ceremony at the Doha Exhibition and Convention Center (DECC), under the patronage and presence of HE Sheikh Ahmed bin Jassim bin Mohammed Al-Thani, Minister of Economy and Commerce. The event was presented by Mr. Abdullah Al-Ghafri, one of the most prominent social media figures, in the presence of distinguished VIP guests, who have a tangible imprint in entrepreneurship, and media representatives, in addition to a large audience. The 'Reyada Award' was launched by NAMA Center in 2011, as a pioneering national contest aimed at promoting entrepreneurial initiative and innovation and fostering a spirit of competition among Qatari entrepreneurs, in the context of achieving the strategic objectives of NAMA Center, related to the development of small and micro enterprises. In its fourth edition, the award sought to honor four entrepreneurs, awarding two prizes for each of the two categories; 'Best Project Plan' category for promising project plans that can be successfully implemented, with the award designed to reward outstanding business ideas, and the 'Best Existing Project' category for successful existing projects growing at fixed and acceptable rates, with the rewarding of successful entrepreneurs who have successfully completed their projects.

The 'Reyada Award', launched by NAMA Center, is considered the leading program that encourages entrepreneurial ventures in Qatar and celebrates Qatar's entrepreneurial project owners and their supporting institutions through recognition and rewards. The target group consists of young male and female Qatari entrepreneurs, ranging from the age of 18 to 45.

The projects were evaluated by a panel of judges who have established expertise in the field of entrepreneurship, namely, Ms. Amaal Bint Abdullatif Al Mannai, CEO of Qatar

"The 'Reyada Award', launched by NAMA Center as a pioneering motivational program for entrepreneurial projects and ideas in Qatar, is designed to celebrate and encourage leading entrepreneurs and supporting institutions in the country, as a token of appreciation as well as rewarding awards. We extend our warmest congratulations to the winners, and wish them ongoing success. We would also like to thank QNB (The Official Sponsor), Al Bandy Real Estate (Golden Sponsor), Qatar Petrochemical Company "QAPCO" (Silver Sponsor) for their continued support and all those who contributed to the success of this event."

NAMA Center participated in the 2017 Qatar Markets Fair "Aswaq Qatariya"

In the framework of its ongoing efforts to provide support to Micro and Small Enterprises (MSEs) entrepreneurs in Qatar, NAMA Center, one of Qatar Foundation for Social Work's affiliated centers, participated in the 2017 Qatar Markets Fair "Aswaq Qatariya", held under the patronage of the Ministry of Administrative Development, Labor and Social Affairs, at the Doha Exhibition and Convention Center (DECC) from 27 to 30 April 2017.

During the Markets Fair, the winners of the incentive award for productive families were announced, and the winner of the third place was Mrs. Maryam Al Dousari, owner of the "Antica Gifts" project of "Pottery", one of the incubated projects that has benefited from the entrepreneurship support at NAMA Center.

The Markets Fair comes as part of an effort to support home-based Business projects and ambitious Qatari MSE entrepreneurs, in order to showcase and market their products that have achieved a high level of quality and have become a favorite commodity for many consumers. The exhibition was an ideal platform to promote entrepreneurship in the Qatari community, which is one of the key channels for human capital development leading to the development, prosperity and sustainability of the Qatari economy.

"Aswaq Qatariya" Exhibition was set to highlight the status of entrepreneurship in Qatar and introduce the largest number of community members to NAMA's unique services to innovative entrepreneurs of MSEs that are incubated by the Center, in addition to the promotion of these projects and their products.

"Our participation in the Qatar Markets Fair "Aswaq Qatariya" is to reaffirm our responsible commitment in cooperation with the Ministry of Administrative Development, Labor and Social Affairs, and as part of our mission to address the needs and requirements of entrepreneurs of emerging enterprises and provide all material, moral, consultative and logistical support to help them realize their aspirations, while serving society and the Qatari economy, as well as a contribution to the achievement of the Qatar National Vision 2030."

ABP introduces students to NAMA's programmes

The Academic Bridge Program (ABP), a member of Qatar Foundation for Education, Science and Community Development (QF), hosted NAMA's 'Muqbeleen' campaign team recently.

'Muqbeleen' is a project recently launched by NAMA Center, part of the Qatar Social Work Foundation (QSWF) to introduce young students to its programmes aimed at honing their skills in order to involve them in the comprehensive development of the nation.

The campaign team explained the objectives of the campaign to the students and invited them to benefit from the programmes that NAMA Center offers.

Social activist Aqil al Janahi spoke to the students about his experiences when he was their age and encouraged them to be active members of their community.

The idea of the campaign is that young people are the mainstay of economic and social power. They are the builders of the homeland and guarantors of its power. Their role in the comprehensive development is central, and their enlightened minds are the scientific base that ensures success and progress in the economic and developmental effort.

Academic Bridge Program, which is keen on creating intellectually and scientifically qualified youth, hosted the campaign to introduce young people to the various activities of NAMA and its services in order to promote their aspirations for excellence and leadership.

On this occasion, Moza al Boainain, Assistant Director for Student Affairs, expressed her thanks to NAMA Center and its sponsors for their constructive social initiatives that contribute to the empowerment of Qatari youth and enable them to lead the process of renaissance and construction in the country.

Mrs. Boainain also noted that the Academic Bridge Program is very keen to provide such opportunities offered by state institutions so students can avail of these opportunities and contribute to supporting social initiatives leading to their own benefit as well as that of the society.

In recognition of their efforts and contributions

NAMA organized an honorary ceremony for teachers and students who participated in its 'Sekik' project

Nama Center, one of Qatar Foundation for Social Work's affiliated centers, has organized a special ceremony to honor the teachers and students who participated in its 'Sekik' life skills development program, in the presence of the heads of departments and media representatives, at 'Ain Khaled' Hall, in the center's headquarters. Awards were given to teachers for their excellent performance during the training.

Seven educational projects have been implemented as part of the 'Sekik' program, inspired by everyday life skills. Participating schools competed to offer their best through implementing the workshops and creatively presenting information. Hanan Amin Al-Tairi, from Amna Bint Wahab Preparatory School for Girls, won the first place, and Shrooq Al-Mohannadi, from the Qatar Independent School of Banking and Business Administration for Girls, came in the second place. The third place went to Huda Musawi Osman, from Amna Bint Wahab Independent Secondary School for Girls.

'Sekik' program aims at improving life styles and skills, the main engine for developing youth capacities to become effective and productive members in the community. Through its 'Sekik' project, NAMA seeks to build the capacities and minds of young people to enable them to think positively, perform better in life, and strengthen their identity. The project is divided into two programs. The first is the "Life Skills Training Program", which revolves around developing the training capacity of teachers so that they can properly deal with the students and train them to develop their basic cognitive and life skills. The second program is the "Life Enhancement Training Program", which involves providing students with the personal and social skills necessary to take steps towards achieving their goals. It also aims at helping students better understand their personal behaviors and improve their self-esteem so as to shape a brighter future for themselves and their community. The teachers delivered 32 workshops in 10 different schools, with nearly 130 educational activities offered to students. These activities focused on enhancing personal and social skills.

NAMA social development center focuses on a social investment approach that is in line with the highest international standards and practices in social welfare. It is a model that leads the institution to adopt a more effective and deeper approach, particularly towards youth, and helps them meet future challenges through implementing long-term programs and achieving sustainable development.

"This special event is a tribute to the participation of teachers and students in the project and to the recognition of their outstanding interest and interaction during 'Sekik' project's training activities. We are truly pleased to realize this remarkable achievement, which is a great success for our approach that is based on investment in human capital and active participation in training, qualification and awareness-raising among members of the community, especially the youth, and preparing them to meet future challenges through the application of educational and training systems to produce concrete and sustainable results. Youth are the heart of our vibrant society, and we have great expectations that they lead the coming phases of the prosperity and progress of Qatar, which comes in the context of our active contribution to the realization of Qatar National Vision 2030. We also extend our warm congratulations to the teachers who have won for their excellence and creativity, and we would like to express our sincere thanks and appreciation to the heads of departments at NAMA Center and everyone who contributed to the success of this leading project."

In recognition of its efforts in humanitarian work

RAF honors NAMA Center during its participation in the 'Bashair Al Rahmaa' Festival

Emanating from its solid commitment to providing all kinds of support to its incubated projects, NAMA Center, one of Qatar Foundation for Social Work's (QFSW) centers, is participating in the sixth edition of "Bashair Al Rahmaa" (good news of mercy) festival held under the slogan "be kind", which kicked off last month and extends till the end of June. The festival was launched by Sheikh Thani bin Abdullah Foundation for Humanitarian Services (RAF), in partnership with Qatar National Convention Center and Qatar Chamber of Commerce and Industry, under the supervision of the Ministry of Awqaf and Islamic Affairs.

During the festival, NAMA Center was honored for its humanitarian work and outstanding contribution to supporting emerging projects.

As part of the exhibition, NAMA Center offers 6 kiosks for the projects' owners to showcase, sell and market their products and interact with the public. Products offered include food, perfumes and incense, traditional clothing and woolen dolls.

'Bashair Al Rahmaa' is considered the ideal platform to support young entrepreneurs and ambitious Qatari youth. It raises awareness of entrepreneurship among youth and promotes the development of human capital, while at the same time leading to the diversification, prosperity and sustainability of the Qatari economy.

'Bashair Al Rahmaa' festival also sheds light on the status of entrepreneurship in Qatar and introduces the largest number of community members to NAMA's unique services for innovative small and medium-sized entrepreneurs incubated by the Center, promoting their projects and products.

"I would like to thank Sheikh Thani bin Abdullah Foundation for Humanitarian Services (RAF) as well as all those involved in organizing this festival and making it a success for their recognition of NAMA Center. Our participation in 'Bashair Al Rahmaa' (good news of mercy) festival is part of our continuous efforts to meet the needs of the entrepreneurs of emerging projects incubated by NAMA Center and provide them with all the support so that owners of these projects can carry out their activities without incurring any financial costs that may burden them or hinder them from achieving their fundamental goal. This participation will certainly help entrepreneurs achieve success, which in turn leads to developing the society, diversifying the national economy and effectively contributing to the implementation of Qatar National Vision 2030."

Qatar University (QU) and six community centers which are under the supervision of Qatar Foundation for Social Work (QFSW) signed on June 7 six research contracts to conduct research projects.

The contracts were signed by QU Vice President for Research and Graduate Studies Prof Mariam Al-Maadeed, on behalf of the Center for Humanities and Social Sciences (CHSS) at Qatar University College of Arts and Sciences (QU-CAS), and QFSW Executive Director and Shafallah Center for Persons with Disabilities CEO Ms. Amaal Bint Abdullatif Al-Mannai, Ehsan Centre for Empowerment and Elderly Care Director Mr. Mubarak bin Abdul Aziz Al Khalifa, NAMA Center for Social Development Acting Executive Manager Mrs. Maryam Bint Abdullatif Al-Mannai, Aman Center for Protection and Social Rehabilitation Acting Director Mr. Mansoor Al Saadi, Dreama Orphans Care Center Director Ms. Mariam bint Ali Al Misnad, and Wifaq Family Consulting Center Director Mr. Rashid bin Ahmed Al Doosari.

Attending the event were QU President Dr. Hassan Al Derham, QU Chief Strategy and Development Officer Dr. Darwish Al Emadi, CHSS Director Dr. Kaltham Ali Al Ghanim, and CAS Associate Dean for Research and Graduate Studies Prof. Hala Sultan Saif Al-Easa, as well as QU officials and representatives of the partnering centers.

The contracts agreement aims to strengthen cooperation in the field of social and human research between QU, QFSW, and civil society and non-governmental organizations (NGOs). The terms of the contracts include collaboration between CHSS and QFSW centers (Shafallah Center for Persons with Disabilities, Ehsan Centre for Empowerment and Elderly Care, NAMA Center for Social Development, Aman Center for Protection and Social Rehabilitation, Dreama Orphans Care Center, and Wifaq Family Consulting Center). This collaboration is based on preparing and conducting research and field work by QU research groups for the benefit of these centers and for the purpose of developing their services.

In her remarks, Prof Mariam Al-Maadeed said: "We seek to support research and develop the community's capabilities by supporting civil society organizations, initiatives and efforts that serve all members of the society, in line with QU's vision and Qatar National Vision 2030."

Ms. Amaal Bint Abdullatif Al-Mannai said: "This partnership comes within the framework of implementing our vision in applying the best practices to integrate it with experience on the ground in addition to applying the international experiences in these areas and to adapting them to suit the Qatari community." She also noted that the pact is a reflection of the pioneering role played by QFSW and the entities working under its umbrella in enhancing the capabilities and developing the mechanisms of social work in Qatar, and in implementing the Qatar National Vision 2030 and

the sustainable development goals (SDGs).

On the occasion, Mrs. Maryam Bint Abdullatif Al-Mannai, Acting Executive Manager at NAMA Center, said: "Youth Work is one of the cornerstones of progress and community development. Its success lies with youth who are aware of its dimensions as it provides them with a key platform for honing their skills and building their capacities. Today, we are pleased to celebrate signing contracts for the implementation of this study with Qatar University, reflecting the keenness of the Center and all those involved in Youth Work to cooperate and collaborate on achieving the requirements of Youth Development. We place Youth Development at the top of our priorities for its fundamental role in building a developed, innovative society that upholds its religious and ethical principles and values, as youth are the main pillars of society and the builders of the future. Therefore, we took a significantly important step in holding this distinguished partnership with the Center for Humanities and Social Sciences at QU's College of Arts and Sciences last year in order to research, monitor and identify, from an integrated perspective, the different social dimensions of all issues concerning youth, as well as to propose appropriate solutions with the aim of empowering youth and establishing a supportive environment for them."

As part of its Social Responsibility

NAMA Center offers the 'Gift of Giving' to patients residing at Hamad Medical Corporation

Stemming from its Social Responsibility and as part of its humanitarian programs and initiatives, NAMA Center, one of Qatar Foundation for Social Work's (QFSW) affiliated centers, has presented Hamad Medical Corporation's (HMC) resident patients with the 'Gift of Giving'. The 'Gift of Giving' comprises of a set of personal hygiene kits, blankets and patient clothing.

NAMA Center launched the 'Gift of Giving' initiative in 2011, which helped support more than 845 patients over the course of five years, including all branches of Hamad Medical Corporation. In 2011-2012, the "Gift of Giving" was presented to Rumailah Hospital, in 2013 to Hamad Medical City, in 2014 to the Muaither Medical Complex, and in 2015 to the patients at the National Center for Cancer Care and Research at Al Amal Hospital.

On this occasion, Mrs. Maryam Bint Abdullatif Al-Mannai, Acting Executive Manager at NAMA Center, said:

"Our initiative - the Gift of Giving - is part of our ongoing efforts to support society's various segments, including the patients residing in the hospital, who are in dire need of those who can stand by them and shower them with benevolence and an abundance of blessings in order to lift their spirits and boost their sense of significance in their community. We appreciate the great role HMC plays for their benefit, through the provision of the best medical services to alleviate their suffering, and we look forward to gaining the support of community members and institutions through their active contribution to this remarkable initiative."

On his part, Mr. Ibrahim Al Ansari, Acting Head of the Social Services Department at the Qatar Rehabilitation Institute of Hamad Medical Corporation, said:

"We first extend our thanks to our brothers and sisters at NAMA Center for their continuous support for the patients. This is not the first initiative, as we have an established community partnership with NAMA Center to serve patients and contribute to their treatment in terms of costs of dialysis. The 'Gift of Giving' initiative presented by NAMA Center comes as part of the partnerships and agreements with Hamad Medical Corporation, and we, at Hamad Medical Corporation, represented by the Social Services Department, provide social, psychological and financial support to all patients, citizens and residents. Thus, the 'Gift of Giving' will be distributed to patients in need, across 12 hospitals affiliated to HMC."

NAMA Center continues its efforts to shed light on the different circumstances and challenges facing the Qatari society, achieving cohesion among individuals and institutions alike.
